INTRODUCING . . .

The journalism class of TCS proudly presents the Eagles' View. The newspaper will be published periodically for your enjoyment and information. The Eagles' View reflects happenings in and around your school and always welcomes your contributions. The following is a list of the Eagles' View staff and their jobs:

David Barber.....Co-Editor
Shelly Partlow.....Co-Editor
Jeff Brewer.....Typist/Proofreader
Jill Graves.....Typist/Proofreader
LeAnn Cantrell.....Reporter
Todd Cupit.....Reporter
Wayne Gagnon.....Reporter
Junior Johnson.....Reporter
Brandon Mercer.....Reporter
Jimmy Parker.....Sports writer/Reporter
Lawrence Prater.....Reporter
Kevin St. John.....Reporter
Cameron Swaim.....Reporter
Nolan Swaim.....Reporter
Keith Windle.....Reporter
Mrs. Linehan.....Advisor

WHO SAID SCHOOL COULDN'T BE FUN?

Mr. Geoghan's Sixth Grade should have a lot of fun this year. In the next few weeks they will be doing such things as: performing plays using puppets, giving humorous speeches, and drawing maps for geography. At the present Mr. Geoghan's class is drawing different constellations and displaying them by using Lite-Brite machines. Mr. Geoghan has many other neat things similar to this planned for the rest of this year.

Todd Cupit

WHO'S NEW?

Do you see any new faces around? Adding to our list of faculty there are ten new teachers.

Mrs. Parks teaches Kindergarten 5 in the morning and Kindergarten 5 in the afternoon.

Having moved from Indiana to Texas are the Harwoods. Mrs. Harwood teaches Kindergarten 5 in the morning. She also teaches art to the Elementary students. She is a doll collector and owned a gift shop before moving to Texas.

Mr. Harwood, her husband, is the Tenth Grade homeroom teacher. He teaches Seventh Grade math, and high school science.

From Florida comes Mrs. Chittenden who teaches a Fourth Grade class. She is a graduate of Baptist Bible College in Springfield, Missouri.

Miss Phipps, one of our Fifth Grade teachers is from Tennessee. She is a graduate of Tennessee Temple. During the summer months, she attends Pensacola Christian College.

Mrs. E. Stringer, who is the sister-in-law of Mrs. D. Stringer (high school supervisor) is one of the Elementary P.E. Coaches. Mrs. Ligon is the other coach.

Mr. Newton teaches one of the Sixth Grades. He is also an assistant pastor at Trinity Baptist Church, Crowley.

Mr. Gallowitch teaches high school World History and Business Math. He is also the Junior and Senior High boys P.E. coach.

Mrs. Zimmerman is the Twelfth Grade homeroom teacher. She teaches Ninth, Tenth, and Twelfth Grade English. She also teaches high school Spanish.

TCS wishes to welcome all the new teachers and may God bless them in all they do this year.

THINK SPIRIT!!

A cheerleader has many responsibilities other than leading cheers and yelling. Some of their responsibilities are planning pep rallies every Friday, making a run-through sign for the football players and yelling their hearts out at the football games. Besides these responsibilities cheerleaders have to show good, Christian leadership on and off school grounds. The cheerleaders have worked really hard this year and are really looking forward to a super year!! The following girls are the cheerleaders for 1982 - 83:

HIGH SCHOOL

Darla Kuhn
Captain
Sharla Williams
Co-Captain
Jill Graves
Shari Johnson
Shawna Smith
Char Torti
Melissa Smith
Rachel Wade

JUNIOR HIGH SCHOOL

Michelle Cupit
Captain
Kelley Bishop
Angela Richmond
Tracy Nowlin
Robyn Tipton
Kelli Matthews
Angie Nelson
Deborah Carpenter

TRAIN YOUR BRAIN

It takes a real brain to figure out that in order to make good grades you need good study habits. Several teachers and students were interviewed on this and they gave various answers. Mr. Gallowitch suggested studying and reviewing each subject five or ten minutes every day so that the material will be easier to learn when the test comes. In regard to poor study habits David Lambert responded that it is bad to goof off in class or not to do your homework. Darla Kuhn expressed her opinion in that she said it is bad to study with the television or radio on. Mr. Gallowitch replied, "Keep the Lord first in whatever you do, whatever you do, do it heartily as to God not to please men." Now that we have all these good study habits we can all make A's.

Todd Cupit

The Marching/Concert Band students will learn new skills in music. As well as practicing for yearly performances, they are also learning the basic fundamentals of creating a better band. They will be performing at the pep rallies, football games, and seasonal programs.

The beginning band classes are being taught the basics of music as well as how to get a better sound out of their instruments.

The following is a list of the members in the different band classes:

Beginning Band (Sixth Graders)

Cathy Boyle	Holly Linehan
Amy Chism	Sheila Mathews
Daniel Claunch	Belinda Riffie
Dana Hamilton	James Sessions
Lana Hamilton	Suzanne Spencer
Wesley Ironmonger	James Torti
Stephanie Lee	Holly Wittenberg
Traci Long	

Beginning Band (Seventh and Eighth Graders)

Candace Coin	Natalie Shetley
Jimmy Linehan	Celeste Tate
Sharon Martin	Gina Warren

Marching/Concert Band

Travis Aitken	Jacque Ledford
Ronnie Collier	Scott Lehmann
Mark Cullins	Shelli McKenna
Melanie Curry	Deanne Newman
James Grisham	Carla Spruill
Damon Harvey	Wayne Stringer
Sharon Hodges	Dartanian Tidwell
Steve Hodges	Eddie Yancey
David Lambert	

Keith Windle

Results are in from the high school class officer elections. Winners are as follows:

Freshman

President:
Ann Stephens
Vice-President:
Rachel Wade
Secretary-Treasurer:
Melissa Smith

Juniors

President:
Todd Cupit
Vice-President:
Darra White
Secretary-Treasurer:
Kerri Davis

Sophomore

President:
Char Torti
Vice-President:
James Johnson
Secretary-Treasurer:
Kelly Mathews

Seniors

President:
Jon Isenberg
Vice-President:
Tim Rollins
Secretary-Treasurer:
Jill Graves

MATH-A-MANIA!!!!!!

Most freshmen are taking Algebra I. In this class they will learn to solve equations and perform several operations with algebraic expressions.

For the first time, TCS will offer Calculus for advanced math students. The course will prepare them for computer engineering, and other mathematical fields.

Keith Windle

THE ANTS GO MARCHING IN

Mrs. Chittenden's Fourth Grade science class is doing something very interesting. The Fourth Graders are making ant colonies. The students will be watching the ants as they build their tunnels.

The Fourth Graders are also busy making imaginative art pictures.

Jimmy Parker

SPOTLIGHT

Jon
IsenbergKathy
Durham

Senior, Jon Isenberg, has attended TCS for four years. Jon enjoys Texas History. He stated, "If we know what our history is like, it will make us appreciate the things of today better." After graduating from TCS, Jon plans to attend North Texas State University to receive a degree in fashion marketing. Jon's main goal is to acquire a master's degree in business at Texas Christian University in order to become a successful businessman.

Kathy Durham, a senior, is in her fourth year at TCS. To show a lot of school spirit and make excellent grades are her main goals this year. Yearbook is her favorite subject and basketball is her favorite sport. Kathy loves to be around people, especially children.

Lawrence Prater

CREEPY CRAWLERS INVADE TCS

One day the Fifth Grade Class was invaded by creepy crawlies. Jeff Pool's dad, who works at the Fort Worth Museum of Science and History, heard his son was studying about worms. Mr. Pool decided to check out some specimens of worms and present them to the Fifth Grade science class. Some of the students had their favorite worm. For instance, Darin Harp likes the "pig worm," Michelle Downs and the "tape worm" get along real well, and Brad Wagner wants a pet "leech."

In the study of the worm the class learned that the worm has ten hearts, red blood, and are segmented.

Matt Morgan learned a very interesting fact--worms have "setae" which are little hook-like spines that stick out of the body. The "setae" help hold the worm to the ground when being attacked by birds or other animals of prey. Mrs. Roberts liked having the display to help in describing worms to the class.

Kevin St. John

ACTIVITIES ABOUND IN K-5

The Eagles' View sent a questionnaire to each teacher at TCS, to inform readers what is happening, and also interesting plans they have for their classes.

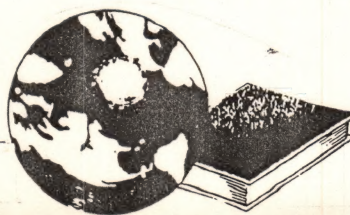

During the morning, Mrs. Harwood takes care of the kindergarten. When this class is dismissed, she teaches art to the First through Fifth Grades (during the afternoon.)

Mrs. Harwood has some very interesting plans for her classes. In art, each week they will choose a male and a female as outstanding artist. The kindergarten class has a fun year ahead. Their theme is to be "Learning with Raggedy Ann and Andy." Raggedy Ann and Andy are "helping" them with Phonics, Numbers, Music, and Writing. In Bible, they are learning how to apply, or use, in their life what God taught old Moses in "The Life of Moses". As if that is not enough fun, on Fridays they have a special Science Class. For example, one Friday they studied turtles and found, to everyone's surprise, several live ones in the room!

When the kindergarteners are very good all day, special friends come to see them for a while. Among them are: Christopher the Saint Bernard, Mary had a Little Lamb and the singing Gail Joy and Danny Brad.

This all really makes you wish you could be in either kindergarten or First to Fifth Grade, doesn't it?

Wayne Gagnon

INTO ALL THE WORLD

For this edition's missionary article, Eagles' View has chosen Brother Don Leaf, missionary to Brazil, and Brother Bruce Schwalbe, missionary to the deaf in India to write about.

The Leaf family has just returned to Brazil from a time here in the United States. He writes that his children have already adjusted, well--some with a little more trouble than the rest, of course. They also wrote that their work has grown so much that a new location is needed for their services. They ask prayer for all this, and for their institute to be held; in which six boys are enrolled.

The Schwalbes thank the Lord for the three people that were saved, one hearing and two deaf. Two young men were baptized and the church had a record thirty-three in attendance.

Let's help these missionaries, praying for them and their people.

Wayne Gagnon

EAGLES GROUNDED

The TCS Eagles traveled to DeSoto, Texas, on September 24 to play the Lions of Brookhollow. The Eagles played tough but the Lions passing attack was too much for the Eagles' defense. The Eagles shut down the Lions' running game while the Lions held the Eagles to 0 yards passing and 128 yards rushing. The Lions scored four touchdowns while the Eagles' only score came when running back Tim Rollins drove through the Lions' defense for the touchdown. The final score was 28-8.

The TCS Eagles went to Dallas to play the TCS Blazers on Friday, September 17. The Eagles' high spirits had fallen by halftime with the Blazers leading 29-0. The Eagles came out fighting in the third period but were no match for the hard-hitting Blazers. When the final whistle blew the Blazers had burned the Eagles by a score of 48-0.

On September 10, the Temple Christian Eagles went to Boles Home in Quinlan, Texas, to play the Hornets. The Hornets scored three touchdowns but were stopped short on all extra point attempts by the tough Eagle defense. The Eagles' only touchdown came in the second half when running back Lawrence Prater took the ball across the goal line. The Eagles also scored on a safety due to a blocked punt in the end zone. The strong Hornet defense handed the Eagles a respectable 18-8 defeat.

Jimmy Parker

COACH OUTLINES GOALS

"Work! Work! Work! That's the cry from the TCS Junior High football team. (Soon to be number one in the nation). At every practice I try to keep the guys from getting bored (ask Larry Parks).

"There are several goals that I personally have for this team. It is important to be faithful to every practice. I know many of the players have not missed a practice. This is only the training camp for the Lord's work in the future. Also, the team must cooperate as one unit because everyone is needed. The team is not one member; but many. My highest priority is to instill in each one, that the most important job we have on this earth is to win others to Christ.

"(Hidden desire of Coach Geoghan is for my guys to see and become one of the Green Bay Packers- Wisconsin!)"

Coach Geoghan

Edited by Wayne Gagnon

JUNIOR HIGH GIRLS VOLLEYBALL

Volleyball at Bethel was a "thunderous" occasion. While the teams were playing, spectators "rumbled" and "rattled" the bleachers. This was a positive sign of victory for the Eagles as the junior high team played their best games yet. After two quick victories, the supporters came cheering to their feet. An outstanding recovery occurred during this game as Lisa Albrecht and Kristen Havens saved a beautiful net ball. Keep it up, girls.

Mrs. Harvey
